Pre-launch projects:

blue and white Rhodes - sand/spot paint bottoms

- sand/varnish floor boards and brightwork

White/red stripe Javelin - resin/glass seat to floor forward under cuddy to seal flotation

White Javelin - check bottom for cracks / resin/glass work

- Check for blisters on bottom
- Repair transom / resin/glass work

Green Javelin - resin/glass seat flotation

Orange Javelin is set to launch once the bottom is sanded (and painted?) / launched

The other Javelins need bottom sanding and (painted?) once the above projects are complete.

White Rhodes trailer - add retrieval winch preferably before launching (at least set plans)
